- Release Management

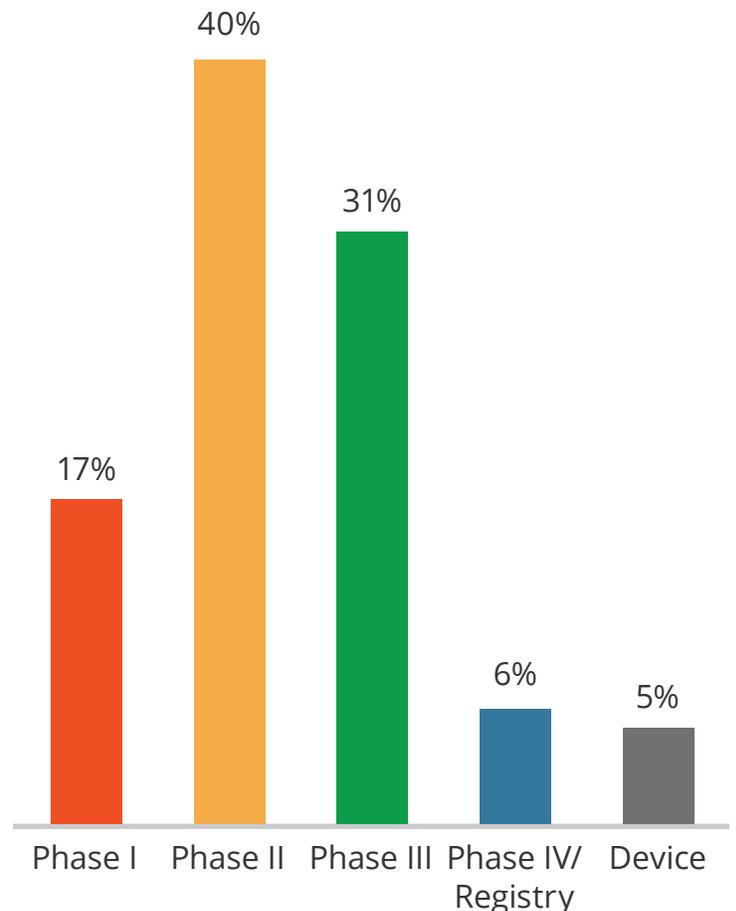

CLINICAL RESEARCH EXCELLENCE RELIES ON A PARTNER WITH DEEP THERAPEUTIC EXPERTISE

With so many unmet medical needs in today's world, you need a clinical research partner who not only understands the nuances of drug development across all major therapeutic areas but is also equipped with the experience and resources to support your asset from early planning through trial completion to submission. With expertise across all major therapeutic areas, including depth in oncology, rare disease, and dermatology, our experienced team of experts can support you from early planning stages of your clinical trial on all phases of clinical research. Supported by ongoing training and industry involvement, our cross-functional project teams possess the experience to navigate complex global requirements and can provide oversight to help reduce risk while maximizing outcomes to increase the probability of your trial success.

We specialize in all major therapeutic areas, including drug, biologic, diagnostic, and device:

- Anti-infectives
- Auto-immune
- Cardiology
- CNS
- Dermatology
- Gastroenterology
- Genitourinary
- Hematology
- Inflammatory
- Metabolic Disorders/ Endocrinology
- Musculoskeletal
- Oncology
- Ophthalmology
- Pediatric
- Rare Diseases
- Respiratory
- Women's Health

Therapeutic Expertise Across All Phases of Development

GLOBAL REACH COMBINED WITH LOCAL EXPERTISE

In today's clinical research environment, sponsors need an experienced CRO who can quickly navigate the increasingly complex global clinical development requirements for effective drug development – within timeline, budget, and compliance. Our team is equipped with local resources around the globe, providing your team with real-time guidance on your highest priorities, regardless of your location. With an operational footprint across **50+ countries**, our team has extensive experience both designing and executing Phase I-IV clinical trials around the world.

YOU CAN TRUST OUR STABILITY, REPUTATION, AND EXPERTISE

At Advanced Clinical, we are proud to be a privately-held, single-owner company, which was founded in 1994 and has grown organically – not by merger or acquisition – into an award-winning culture, trusted by our clients and internal workforce.

We are members and partners to many leading associations, including:

- Society for Clinical Data Management (SCDM)
- AVOCA Quality Consortium
- Board of Healthcare Businesswomen's Association (HBA)
- Association of Clinical Research Professionals (ACRP)
- Society of Quality Assurance (SQA)
- American Society of Assurance (ASQ)
- Align Clinical CRO
- American Statistical Association (ASA)
- Clinical Data Interchange Standards Consortium (CDISC)
- PhUSE
- Board of American Staffing Association (ASA)
- Institute of Clinical Research, UK (ICR)
- Royal Society of Medicine
- Institute of Biomedical Science

We are proud of our company, our culture, our mission, and we invite you to join us to create a **Better Clinical Experience** for the patients and healthcare professionals who work every day to accelerate life-saving treatments to market.

Let's Create a Better Clinical Experience Together
